Mr. Rian S. Riche  
Shell Offshore Inc.  
Post Office Box 61933  
New Orleans, Louisiana 70161-1933

Dear Mr. Riche:

By letter dated April 14, 2021, Shell Offshore Inc. (Shell) requests approval of a Suspension of Production (SOP) and a revised activity schedule for the Expanded Unit Area (EUA) portion of the Alaminos Canyon (AC) Block 859 Unit, Agreement No. 754307006. The AC Block 859 Unit consists of Leases OCS-G 31195, 32988, 35153, and portions of Leases OCS-G 19409, 20871, and 31194. The EUA portion includes Leases OCS-G 31195, 32988, 35153, and a portion of Lease OCS-G 31194, and was held by an SOP through April 30, 2021.

Shell has commenced fabrication of the host facility. Shell requests an SOP to continue the fabrication, installation, and commissioning of the subsea systems and host facility, then begin production from the EUA.

In accordance with Articles IX, XVI, and XVII of the Unit Agreement, as amended effective October 1, 2017, and 30 CFR 250.174(a), an SOP and a revised activity schedule for the EUA portion of the AC Block 859 Unit are hereby approved from May 1, 2021, through January 31, 2023. Leases OCS-G 31194, 31195, and 32988 will be included in the unit SOP from May 1, 2021, through January 31, 2023. This unit suspension excludes Leases OCS-G 19409 and 20871 since they are producing unit leases. This unit suspension also excludes Lease OCS-G 35153 since the primary term extends beyond the expiration of the SOP. Shell is expected to follow the enclosed SOP activity schedule and must notify this office in writing (progress report) by the end of each month in which a deadline is scheduled. This SOP activity schedule and any approved revisions made thereto will satisfy the Unit Agreement requirements of Article 9.4 for a plan of operation on the EUA portion of the AC Block 859 Unit. Once production commences from the EUA, an approved unit plan of operation pursuant to the Unit Agreement shall be required on the EUA portion of the AC Block 859 Unit.
